WARNING TO FARMERS

Nordman Advises Farmers
Not to Ship Milk to Chi-
cago Markets

Madison—(AP)—J. D. Jones, Jr. state
commissioner of agriculture stated
Monday that "the Wisconsin de-
partment of agriculture is not in-
terested in the persistent attempts of Senator
John C. Cashman, Watertown, to drag
the tuberculosis eradication question
into politics."

"The statement by Commissioner
Jones was the only official comment
here on the report that State Senator
Schumann is seeking a special session
of the legislature for the purpose of
increasing the state's appropriation
for cattle tuberculosis eradication,"
by Commissioner Jones on Saturday that
due to a shortage in the eradication
funds, caused by heavy payments in
southern counties, the state would no
longer be responsible for indemnity
payments in areas of serious infection.

SITUATION IN HAND

"In view of the magnitude of the
job, it can be safely said that the Wis-
consin livestock sanitary board has
the T. B. situation well in hand," the
statement issued by Mr. Jones said.

"When a complete check is had on
the results of the emergency work that
has been carried on from March 1
to 20, a statement as to the program
that will be followed in the future will
be released."

"No further comment was available.
A conference was held recently be-
tween Commissioner Jones and Dr.
Herman N. Bundesen, city health
commissioner of Chicago, where an
ordinance becomes effective April 1,
barring milk from untested herds. The
agriculture commissioner indicated
that the conference failed to reach an
agreement over certain features of the
Chicago ordinance which were objec-
tionable to Wisconsin authorities."

NORDMAN IS WARNING

Meanwhile, Edward Nordman, state
commissioner of markets, has cautioned
Wisconsin milk producers against
diverting milk now used for manufac-
tured products such as butter, cheese
and condenser products, into the Chi-
cago fluid markets.

He predicted that the present situa-
tion would be remedied within a short
period, thus making the milk market
in Chicago unstable.

ASKS BLAINE'S AID

Milwaukee—(AP)—Benjamin Fuelle-
man, publisher of the Agriculturist, a
monthly farm magazine, Monday
wrote Governor J. J. Blaine, urging
whatever action necessary be taken
to safeguard Wisconsin's dairy in-
dustry "even if it means convening
the legislature in a special session."

CHICAGO SETS NEW MARK IN AUTOMOBILE KILLINGS

Chicago—(AP)—A Chicago record
for automobile deaths in one day—
twelve—was established here on the
first day of spring. In addition more
than a dozen persons were seriously
injured in the Sunday accidents,
which increased the Cook-count motor
death toll to 169 since January 1.

SAYS WIFE DIED FROM FALL DOWN STAIRS

Milwaukee—(AP)—Mrs. Nora Ko-
powsky, 31, died as the result of
falling down stairs, her husband told
authorities who are investigating the
conditions surrounding her death.
The woman's body was a mass of
bruises and both arms were broken.

DOHENY CASE IS DUE FOR REVIEW

Supreme Court Agrees to
Check Decisions of Lower
Court on Oil Leases

Washington, D. C.—(AP)—The
Supreme court agreed Monday to re-
view lower court decisions cancelling
the oil leases and contracts which
Edward L. Doheny negotiated with
Albert B. Fall as secretary of the
interior.

Involved in the case are the Elk
Hill Naval Oil reserves in California
and the contract between Doheny's
companies and the government by
which the oil magnate has construct-
ed huge oil reserve tanks for the
navy at the Hawaiian naval base at
Pearl harbor.

While agreeing on cancellation, the
district court and the circuit court
in California disagreed on the ques-
tion of compensation for the storage
tanks. The district court allowed
\$10,000,000 but the circuit court over-
ruled that decision.

Besides this question, the Supreme
court is expected to go into all phases
of the case, and particularly that
as to the legality of the executive
order issued by President Harding,
in effect transferring jurisdiction
over the naval oil reserves from the
navy to the interior department. The
civil actions at issue grew out of the
sensational senate investigation two
years ago into the leases made by
Fall with both Doheny and Harry F.
Sinclair, the latter involving the
Teapot Dome naval oil reserve in
Wyoming.

Read These Trunk Lines

The sole purpose of these few
lines is to tell a little story
about a leather steamer trunk
belonging to J. C. Lipske, 512
E. Spring street.

Mr. Lipske decided to turn
his trunk into cash so he of-
fered it for sale in a Post-Cres-
cent classified ad.

He sold the trunk the third
day after the ad appeared. Isn't
this rather strong proof that
Post-Crescent ads produce re-
sults?

If YOU have a trunk to sell—
or anything else—pack all your
troubles in your old kit bag
and call for an ad-taker.

Flood Drives Hundreds From Homes In Oil City

BULLETIN
Oil City, Pa.—(AP)—Scores of per-
sons were marooned in office build-
ings Monday afternoon when Oil
Creek, already on a rampage, rose
six feet in 10 minutes after surface
ice, loosened by the warm weather,
lodged against the ice gorge in the
Allegheny river below here and
caused additional backing up of flood
waters.

Oil City, Pa.—(AP)—Industry was at
a standstill, the principal markets of
the city were closed and several hun-
dred people had been driven from
their homes Monday as a result of
flood conditions which followed a par-
tial movement of the 25 miles series
of ice gorges in the Allegheny river
Sunday night. The river was rising
and a weather forecast of rain for
Monday night and Tuesday gave the
situation a still more serious aspect.

Riverside streets, including Seneca-
st, the city's main thoroughfare, re-
mained covered with water to a depth
of one to four feet. The water backed
up behind ice which jammed with the
gauche movement at a bridge just be-
low town. The electric plant was put
out of commission but there was no
scarcity of light and power as was
the case when the river overflowed a
few weeks ago.

The shift in the ice damaged two
bridges. Three spans of the big rock
bridge were torn loose, two falling
into the river, and the third across
the tracks of the Pennsylvania rail-
road. The tracks, however, were
cleared so that trains were operating
Monday.

The understructure of the Reno
bridge, near here, was carried away.
Captain John Paul Dean, United
States army engineer, declared the
prediction of his department had
proved true—that only nature could
be counted upon to move the ice.
The attempt of Dr. H. T. Barnes, of
Montreal, to "burn out" the ice with
thermite, were declared "absurd."

Dr. Barnes said thermite had
"saved the situation."

POLICE QUIZ MAN IN DEATH OF ROOMMATE

Milwaukee—(AP)—Police are ques-
tioning Mike Rock in connection with
the death of his roommate, Charles
Nick, who died at the Milwaukee hos-
pital Sunday from multiple bruise-
es and fractures, according to hos-
pital physicians.

Nick suffered a severe beating, but
Rock declared he knew nothing of it.
He said he had had trouble with his
nephew John Lazo, but the trouble
was entirely between the two, and
Rock had not entered in it in any
way.

ENVOY'S TRIP HOME EXCITES FOREIGN FOLK

Ambassador Houghton Tells
Coolidge What's Going
on in Europe

BY DAVID LAWRENCE
(Copyright 1926 by Post Pub. Co.)

Washington—Dispatches from Lon-
don and Paris confirm the fact that
President Coolidge has had an extra-
ordinary conference with Alanson B.
Houghton, American ambassador to
Great Britain, a guest at the White
House for the last several days. The
publication in Europe of what the
ambassador is supposed to have re-
ported has caused a sensation there
and the Department of State is
blamed for the publicity.

The situation is complicated by the
fact that Europe does not under-
stand the newspaper system in Wash-
ington. The publication of the re-
ports of Mr. Houghton's conference
was not authorized by the govern-
ment. The information has merely
leaked out in a dozen different ways,
and the government is not responsible
for Europe's interpretation of what
has been happening.

NOT A SOCIAL CALL

When the president of the United
States sends for the American am-
bassador to a country as important in
European affairs as Great Britain,
newspapers reporters know it is not a
social visit. They know also that the
United States has accepted the invita-
tion of the League of Nations to at-
tend a preliminary conference to
discuss a program of disarmament.
Mr. Houghton has been conferring
with European officials about the pro-
gram and has been trying to tell
them that if they really want the
cooperation of the United States in the
disarmament conference or anything
else they must forget their balance-
of-power rivalries and distrust and
deal across the table in the frankest
fashion.

Mr. Houghton did not succeed in
arousing European statesmen to the
needs of the occasion. He has come
home to tell Mr. Coolidge what he
thinks should be done. The very
trip to Washington is counted upon
to open the eyes of Europe to the ne-
cessity of a real and not a theoretical
program of disarmament. There has
been every indication that some Eu-
ropean countries while professing a
desire for a reduction of armaments
have not really felt ready to go ahead
on such a program. The acceptance
by the United States was wholly un-
expected. And the wielding by the
United States of a prodigious influence
is not altogether relished abroad.

TOO MUCH BECKERING

When, as reported, Mr. Houghton
says Europe has learned nothing from
the war, the inference is that Europe
is willing to let a problem so impor-
tant as disarmament drift along with-
out being settled. Added to this was
the beckering at Geneva over Ger-
many's entry into the league all of
which has tended to develop the idea

DISMISSAL OF CASE REFUSED BY HIGH COURT

Matter Is Postponed Until It
Comes Before Court on
Its Merits

Washington, D. C.—(AP)—The Chi-
cago Sanitary district lost temporarily
in the Supreme court Monday in its
contention that the Great Lakes
states had no right to challenge its
diversion of water from Lake Michi-
gan.

The court refused to dismiss the
case at this time, postponing the
question until the matter come up be-
fore it upon its merits.

In refusing to dismiss the suit,
which was brought by Wisconsin,
Ohio, Pennsylvania and Minnesota,
the court announced that its action
was "without prejudice."

The Sanitary district and the state
of Illinois had asked to have the pro-
ceedings dismissed.

Involved is the board question of
whether diversion of water by the
Sanitary district has unduly affected
navigation on the Great Lakes. A
dozen states have joined in the dis-
pute.

The action of the court was an-
nounced by Chief Justice Taft in this
statement:

"In view of the difficult questions
arising on the record, we delay stating
our conclusion until the case is made
and all the facts are before us on the
pleadings and the evidence. The motion
to dismiss the bill is therefore
overruled without prejudice to any
question and with leave to proceed in
due course."

CHARGE EUROPE IS "RIFLE MAD"

British Newspaper Charges
Nations Buying Great
Quantities of War Muni-
tions

London—(AP)—The Daily Mail Mon-
day makes no reference to a story
which its Sunday edition, the Week-
ly Despatch, gave prominence, con-
cerning extraordinary secret nego-
tiations for the purchase of arms and
munitions and a plan for their man-
ufacture by several European coun-
tries.

The Weekly Despatch represented
the arms hunger as being colossal. It
said that Russia for some time had
been buying huge quantities of rifles,
which were shipped to China and
Persia as soon as obtained and that
she was still seeking more. It also
declared that Greece had placed an
order for 200,000 rifles in Italy, that
Yugo-Slavia was trying to obtain
400,000 rifles, and that Finland,
Lithuania, Poland and Rumania and
other Balkan states all were urgent-
ly seeking orders, and secret German
war stocks, hidden in nearby coun-
tries, were being sold wholesale and
shipped as fast as possible to China
and Turkey. The newspaper added
that persistent efforts had been made
to place orders in England but all of
them failed.

45 PER CENT OF COWS REACT TO T. B. TESTS

Chicago—(AP)—Dairy farmers of
Northern Illinois have submitted 31,
012 of their cattle to the tuberculin
test in less than two months. Of these
14,163 have been found diseased and
marked for death and more than 10,
000 already have been destroyed.

These statistics were contained in a
report made public by Dr. John J.
Littner, federal veterinarian super-
vising the tuberculosis eradication
work.

A Chicago ordinance which goes in-
to effect April 1, provides that only
milk from tested cows may be sold in
the city.

ASK MELLON TO DRAFT BOULDER CANYON BILL

Washington, D. C.—(AP)—Secretary
Mellon has been requested by the
house irrigation committee to draft a
bill embodying the treasury's plan
for financing construction of the Boul-
der Canyon development on the Col-
orado river.

SAVANT FINDS WAY TO REMOVE INK FROM PAPER

Ithaca, N. Y.—(AP)—Dr. F. H.
Rhodes, professor of industrial chem-
istry at Cornell university has evolu-
ed a successful process for removing
the ink from old newspapers so that
they may be turned back into news-
print. The recovered paper, Prof.
Rhodes says, is as durable as the ori-
ginal.

The discovery will solve to a great
extent the serious problem of dimi-
nishing supply of wood pulp. Dr.
Rhodes believes.

The laboratory cost is a fraction of
a cent higher per pound than the
present price of newsprint.

HINT WITNESS IN VOTE FIGHT WAS KIDNAPED

Mangus Johnson's Attorneys
Ask Delay in Report on
Election Probe

Minneapolis—A plea to delay final
action in the Schall-Johnson senatori-
al contest pending investigation of a
new development was sent Sunday
night to Senator Charles Deneen in
Washington by Donald Hughes of
counsel for Magnus Johnson, former
Farmer-Labor senator from Minne-
sota.

The senate elections subcommittee
of which Senator Deneen is chairman
was scheduled to make a report Mon-
day on hearings it held recently to in-
vestigate charges brought by Johnson
that Senator Thomas D. Schall of
Minnesota was elected with the aid of
funds from bootleggers.

Mr. Hughes said he had located
Gale Plazman of Minneapolis, who
was to have been one of the witnesses
against Schall but who could not be
found while the hearings were on.
Plazman was arrested Saturday in
Minneapolis on a charge of non-sup-
port as he stepped from a private
sanitarium. Hughes alleges that
Plazman was kidnapped by five men
who "got him drunk," then drugged
him, kept him prisoner in a hotel and
finally sent him to the sanitarium af-
ter the committee hearings had ended.

Johnson's counsel had presented to
the committee an affidavit from Plaz-
man in connection with Senator
Schall's campaign. Before the hearing
was over, however, another affidavit
came, supposedly from Plazman, re-
pudiating the former one. Hughes said
Monday that Plazman had denied
sending the alleged repudiation.

Hughes asked Senator Deneen to in-
vestigate this development before the
senate takes final action.

ELECTIVE SYSTEM IS SCORED BY GLENN FRANK

Cambridge, Mass.—(AP)—President
Glenn Frank of the University of
Wisconsin in an interview published
Monday in the Harvard Crimson,
compared the present elective sys-
tem of American colleges to an intel-
lectual cafeteria and urged a dramatiza-
tion of learning comparable to foot-
ball.

"Methods of instruction are at
present worse in our colleges than
anywhere else in our whole educa-
tional system," he declared. "The
elective system has changed our col-
leges into something that reminds me
strongly of an intellectual cafeteria.
For as in a cafeteria, there is nothing
to guide the inexperienced in his
choice of food."

"The elective system had its origin
in the tremendous growth of knowl-
edge in the last century. The fund
of facts in an increasing number of
fields finally became so great that ed-
ucators, completely overwhelmed had
to turn the task of selection over to
green freshmen who were not quali-
fied to make wise choices. This bur-
den of knowledge which is threaten-
ing to crush education under its
weight is analogous to the structural
overloading of our civilization."

STOKES, COMPANIONS MAKE SAFE LANDING

Key West, Fla.—(AP)—A message
received here Monday by Miss Flo-
rence Crittenton said W. E. D. Stokes,
Jr., son of the New York hotel owner,
and a crew of three men had reached
Cape Canaveral, Fla., in a small
boat after drifting helplessly at sea
since March 15.

The engagement of Stokes to Miss
Crittenton was announced recently.
The message said the Stokes yacht,
the Calliope, was wrecked March 15,
about 50 miles off the Port of Char-
leston, S. C., and that he and the
crew had taken to land in a small
boat. Details of their experience
were lacking.

Church Temperance Board
Says Straw Votes Don't
Indicate Sentiment

BULLETIN

Washington, D. C.—(AP)—The sen-
ate prohibition subcommittee an-
nounced Monday that beginning April
5, it would start hearings continuing
two weeks, the first week to be de-
voted to the wets and the second to the
drys.

BULLETIN

Washington, D. C.—(AP)—Publi-
c hearings on the prohibition ques-
tion were ordered Monday by the senate
judiciary committee.

Senator Walsh, Democrat, Mont-
ana, alone opposed the recommenda-
tion of a subcommittee of five in fa-
vor of open hearings. The subcom-
mittee will conduct the hearings, giv-
ing six days to the wets and an equal
length of time to the drys. No date
has been set for the hearings which
will be confined to five modifications
measures now before the committee.
One would amend the eighteenth
amendment so that states which
were wet before the prohibition
amendment would again be wet, with
the government manufacturing, sell-
ing and distributing liquor.

Three of the other four measures
proposed to legalize beer, one for 4
per cent beer, one for 2.75 per cent
beer, and the other for beer on in-
dustrializing fact.

New York—(AP)—A flood of prohibi-
tion discussion has come with spring.
But unlike the heavy nature of the
opening of the new season there was
nothing mild in the views on the
question set forth Monday as a re-
sult of a busy weekend of speeches
and statements in various cities. The
hopes of the wets rose a bit when
Emory B. Buckner, who since leav-
ing the law firm of Elihu Root to
become federal attorney in New York
City has made an extraordinary drive
to enforce the Volstead act by pad-
lock, suggested that the law be mod-
ified to permit each state to define in-
toxicating liquor. Mr. Buckner's sug-
gestion was made in an address at
Fordham Manor church. A similar
solution of the enforcement problem
was proposed in a statement at New
York by William H. Hirst, formerly
counsel for the Brewers association.

Mr. Buckner said a partnership
between the United States and the
states was necessary for prohibition
enforcement and at present there
was a "muddle and carnal of
crime" where there were no state en-
forcement acts.

"We already have different kinds
of prohibition in different states," he
added.

RAP NEWSPAPER POLLS

The board of temperance and pub-
lic morals of the Methodist Episcopal
church in a statement at Washing-
ton, discounted results of newspaper
straw votes and asserted that the
drys were ignorant them. The board
referenda on prohibition, said the
board, were congressional elections
which drys had won "with monoton-
ous regularity by overwhelming
majorities."

In New York the Rev. Dr. James
F. Cunningham, national secretary of
the Church Temperance society,
which recently came out for modifi-
cation of the Volstead act, told of
"disquailing himself and visiting
speakeasies" where liquor could be
obtained, in all parts of the country.
It was this investigation, he said,
which convinced him that prohibi-
tion was "an utter failure."

Dr. Lee W. Beattie, for 23 years a
volunteer worker on the east side told
a congregation at the Harlem Baptist
church, New York, of immense
improvement in conditions among
the poor since prohibition.

At Opelika, Ala., the Rev. Dr. F.
Ernest Johnson, executive secretary of
the department of research and
education of the Federal Council of
Churches of Christ in America said:

"We shall never make progress in
citizenship by inducing people to
evade laws because they are laws.
Every law must win its way with the
public on its own merits."

Dr. Clarence True Wilson, secre-
tary of the Methodist board of tem-
perance and public morals, in an ad-
dress at Berkeley, Cal., credited pro-
hibition with saving America from
the evils of post war depression suf-
fered by European countries.

In Washington the senate judiciary
committee is to decide this week wheth-
er to hold hearings on modifica-
tion bills. A subcommittee favoring
hearing, which, if given final approval,
will start about April 10.

PARENTS LEARN HOW CHILDREN WORK IN SCHOOL

Patrons Day Program Is Held
at Isaar State Graded
School

Forty parents and friends in school district No. 8 joint, Seymour, attended the Patrons Day program at Isaar state graded school last Wednesday. A program of songs and recitations was presented and regular classes were held. After the program, lunch was served by the Misses Celia Conradt and Beatrice Madison, teachers of the school, and a Parent-Teacher association was formed.

Officers of the Parent-Teacher group are John Kroner, president, Theodore Vande Yacht, vice president, N. Watry, secretary-treasurer. The program follows:

Song—"We'll Never Let the Old Flag Fall," upper grades; Dialog—"Friday Afternoon Compositions," upper grades; Song—"Swing Song," primary room; Dialog—"The Spelling Class," upper grades; "Song—"Down on Jasper's Farm," boys chorus; Dialog—"The Best of Grandpa," fifth grade; Song—"Down by the Old Mill Stream," girls chorus.

A debate featured the work of the seventh-eighth grade language class. The question was, Resolved that a team of horses is more profitable than a tractor. John Kroner, N. Watry and L. Reis acted as judges and the negative team was given the decision.

Classes held were first-second grade language, third grade geography, fourth grade reading, primary and grammar grades, physical education, sixth grade geography, seventh-eighth grade language, fifth grade arithmetic drill.

Persons present were:

Mr. and Mrs. L. Ullmer, Mrs. and Mrs. L. Reis, Mr. and Mrs. J. Haeckel, Mr. and Mrs. P. Schmidt, Mr. and Mrs. N. Watry, Mr. and Mrs. A. Sigl, Mr. and Mrs. F. Warner, Mr. and Mrs. A. Smith, Mr. and Mrs. F. Van de Yacht, Mr. and Mrs. J. Ziesemer, Mr. and Mrs. H. Graf, Mr. and Mrs. C. Strelka, Misses Florence and Alice Kroner, Misses Celia and Alice Ebert, Miss Josephine Hanson, Chester Hansen, Charles Ebert, J. Kroner, Joseph Ebert, Mrs. Joe Schmidt, Mrs. C. Henslett, Mrs. M. Hansen, Mrs. J. Meyer, Mrs. Kate Halzer, Otto Werner, Mrs. F. Sigl.

HUGE CROWD AT FINAL SERVICE OF MISSION

The Rev. Theophil Riesinger delivered the sermon Sunday night at the closing service of the mission for men which was conducted last week at St. Joseph church by the Rev. Father Riesinger and the Rev. Fabian Petka. Every seat in the church was taken Sunday night and large crowds of men attended each evening service during the week, it was announced. The Rev. Father Fabian read the baptismal vows and cards were distributed as remembrances of the mission. A collection was taken up, the proceeds of which will go toward a fund for young students who are studying to be missionaries.

The mission opened on Feb. 28 for men and women. Services were in German the first week. The second week English services were held for women and the third week the mission was for men with sermons in English.

VALLEY SCOUT LEADERS MEET TO PICK OFFICERS

C. M. Fennell, Chicago, regional executive of the Boy Scouts of America, will outline plans for the 1926 program for the valley scout council with members of the council Tuesday evening at the hotel Northern.

The meeting will be preceded by a dinner. Council officers will be elected at this time. Over 100 letters have been sent out to council members by Paul O. Keicher, valley council executive, stressing the importance of attending the meeting. Mr. Fennell was in Appleton several weeks ago to make a preliminary survey of the valley council situation.

VOCATIONAL BOYS WANT TO JOIN NATIONAL CLUB

Members of the Vocational Y club discussed the advisability of becoming a branch of the national Employed Boys Brotherhood at their meeting Saturday evening at the Y. M. C. A. All members were in favor of asking the national organization for a charter. Thursday evening the officers of the club will meet with John Pugh, boys work secretary to make further plans regarding the proposed affiliation. If a charter is secured from the national officers the local organization will be known in the future as the Vocational Y club of the Employed Boys Brotherhood.

CALL COUNCIL MEETING TO CANVASS BALLOTS

A special meeting of the common council will be held Wednesday evening for the purpose of canvassing the votes at the primary election on Tuesday, March 23. Notices were sent to the aldermen Monday by E. L. Williams, city clerk.

Printers Hold Meeting
Problems of the printing business will be discussed at the dinner and meeting of a group of men engaged in book industry at the Hotel Northern Tuesday evening. About ten men will be present.

Foremen Visit Library
Appleton Foremen club is to meet at the public library at 7:30 Tuesday night to visit the library. Members of the public speaking class will familiarize themselves with books relating to public speaking.

LEADER DIES

JAMES J. STORROR

Paul O. Keicher, executive of the valley scout council has received official notice of the death on March 12 of James J. Storror, Eastern president of the Boy Scouts of America. The information was sent to all scout executives from James E. West, New York City, chief scout executive. The announcement stated that although Mr. Storror had been the scout president for less than a year, his keen interest and untiring energy had made himself felt in the Boy Scout movement in a way that meant much for the organization and promised still greater things for the future. The funeral was held on Tuesday, March 15.

TEAM LEAVES FOR STATE TOURNEY

Eight Players and Three Officials Go to Madison Tuesday Morning

Eight members of the Appleton high school basketball team, with Coach John McAniff, student Athletic Manager Herman Schweger, and Faculty Athletic Manager C. W. Cross, will leave at 8 o'clock Tuesday morning for Madison where the team will enter the state basketball tournament. The Appleton team will play the first game of the tournament with the Waupun squad at 10 o'clock Wednesday morning.

Frank Cookson, Albert Cookson, Carl Voecks, Robert Ashman, Orville Strutz, Arthur McAniff, Bernhart McFadden, and Daniel Steinberg comprise the first team. The entire student body has been asked to go to the train to "send off" the team. H. H. Heible, principal said.

The team will be housed at the Tau Kappa Epsilon fraternity house in Madison. John and Robert Bonini, Merrill School and William Hornbeck alumni of Appleton high school, are members of the fraternity.

FREMONT OFFICERS TO BE NAMED AT CAUCUS

Special to Post-Crescent
Fremont—The caucus to nominate village officers will be held at the village hall Saturday evening, March 20, and the caucus to nominate town officers will be held at the town hall at 1:30 Tuesday afternoon, March 22. Present village officers are: supervisor, George H. Dobbins, president, Edwin Sader, clerk, Joseph Giel, Jr., treasurer, Henry Eaton, assessor, Raymond Looker, justice of the peace, Paul R. Kohls, trustees, Edwin P. Sherburne, Walter Arndt and Benjamin Reinke, constables, Robert R. McLennan. The present officers of the town are: supervisors, Charles Peters, chairman, Herman and Henry Lebers, clerk, William Kramer, treasurer, Herman Mach, assessor, Otto Wohlt, justice of the peace, Herman Jasman. The men nominated at these caucuses will determine the officers for 1926 of the village and town.

Radio receiving sets in Fremont were tuned in on radio broadcasting station WJHR, Omro, Monday evening of this week, when Arnold Sader, Miss Selma Sader and Miss Lily Sader, were on the evening program from 8 to 9 o'clock. Telephone messages of congratulation from listeners in Fremont, Lake and Oshkosh, were read by the WJHR announcer.

Miss Clara Puls entertained friends at her home Wednesday evening at a St. Patrick day party. Five hundred was played, Clarence Borchardt and Hattie Dehnke winning first prize and Franklin Schmidt and Viola Schmidt consolation prizes. A lunch was served. Those present were: Miss Laura Dehnke, Miss Marie Morin, Miss Lily Sader, Miss Hattie Dehnke, Miss Linda Neutauer, Miss Hazel Hoffberger, Miss Elsie Hahn, Miss Viola Schmidt, Miss Lucille Moch, Miss Irma Prihoda, Miss Geneva Puls, Arthur Hahn, Franklin Schmidt, Chester Hoffberger, Albert Hahn, Alvin Borchardt, Edward Marquardt, Jr., Seth Myhill, Frederick Marten, Clarence Borchardt.

Mrs. E. F. Schelle entertained the members of the Women's Improvement club at her home, Tuesday evening. Cards were played, and Mrs. J. E. Baines won first prize and Mrs. Alpheus Steiger, consolation prize. Those in attendance were: Miss Lily Sader, Mrs. E. J. Sader, Mrs. John Berger, Mrs. Arthur Brown, Mrs. D. E. Redmann, Mrs. Guy Kinsman, Mrs. George H. Dobbins, Mrs. Nola H. Johnson, Mrs. John Yankee, Miss Martha Thomas, Mrs. Lark Lowejoy.

SPEED COP TUNES UP BIKE TO GET READY FOR WORK

Two Motorcycle Policemen
Patrol Streets to Halt
Speeders This Year

Appleton speedsters had best step lightly on the throttle of their automobiles from now on. Within a few more days, Patrolman Carl Radtke, former motorcycle officer, will return to his old duties, according to Chief of Police George T. Trim. As soon as snow and ice disappears from the streets Officer Radtke will wheel his "bike" out of the police garage for his initial trip of the season. He is now tuning up his old machine and expects to jump into the saddle sometime next week.

That speeding within the city limits will be at a minimum this year is apparent from the plans of the police department. Chief Trim states that two motorcycle officers instead of one will patrol Appleton streets this year in an effort to curb violations of the speed laws.

Both officers will be furnished modern equipment, as the common council provided enough money in the city's budget for the purchase of two new motorcycles and two sidecars. In view of this, the police department does not expect many speeders to escape from the "bike" riders.

The second motorcop has not yet been appointed. He will be placed on duty within a few weeks, however. In the meantime, Officer Radtke will handle these duties alone.

JUDGE ADVANCES DATE FOR RESUMING COURT

The March term of circuit court will reconvene Thursday instead of Friday, according to notice received from Judge Edgar V. Werner. Letters were mailed out Monday to jurymen notifying them of the change in date and instructing them to appear Thursday.

The first case on the calendar will be George Thies vs. Henry Rammer, an assault and battery case which was appealed from municipal court by Rammer. Several other cases which were set for earlier in the month but were not ready also will be heard.

The sentence in the case of Myron Hendricks, who pleaded guilty to a charge of taking indecent liberties with a girl last week is expected to be announced. Judge Werner withheld sentence after Hendricks' plea of guilty.

MISSION WORK

Missionaries Have Accomplished Much in India, Y. M. C. A. Worker Says

Christian missionaries have succeeded remarkably well in their work in India, in spite of what skeptics may say about foreign missions, Dr. J. R. Isaacs, secretary of the Bangalore, India, Y. M. C. A., told members of the boys department of the Appleton association at the Sunday afternoon meeting in the association building. Dr. Isaacs spoke at the local association about a month ago on India in the Commonwealth of Nations. Boys work secretaries of the state cooperated in bringing him back to Wisconsin for a ten day speaking tour. About 80 attended the meeting Sunday.

Dr. Isaacs told how hard it was for Hindu boys to get an education in any way equal to that which the average American boy receives, because the great majority of people in his country were desperately poor due to the overcrowded conditions and the caste system.

The speaker recounted the story of how his father had been converted to Christianity by a missionary, and of how his father has since been pastor of a Christian church for 42 years and in that time has converted 3,000 Hindus.

Dr. Isaacs declared that the great Indian leader, Mohandas Gandhi, although not a Christian in faith, realized the benefits of Christianity for his country and what the spirit of Christ would do to save India. To demonstrate his feelings on this subject Gandhi is helping to send 100 boys to a Christian school and provided all of them with a book entitled the "Manhood of the Master."

COOK SELLS INTEREST IN BIJOU THEATRE HERE

BACHMAN REMITS TAX MONEY DUE LOUNTY, STATE

Turns Over Three Checks Totalling \$292,102.86 to County Treasurer

Three checks totaling \$292,102.86 were remitted Friday to Miss Marie Ziegenhagen, county treasurer, by Fred E. Bachman, city treasurer, in final settlement of county and state taxes. The checks were for real estate taxes, income taxes, and surtaxes, and amounted, respectively, to \$198,416.29, \$72,830.93, and \$20,855.64.

The city's share of the county tax was \$216,330.82, but the difference between this sum and the \$198,416.29 allotted to the county is the total Appleton share of county school taxes and delinquent real estate taxes.

Delinquent returns this year were \$17,914.52, which is from \$4,000 to \$5,000 less than the usual amount, according to Mr. Bachman. He said that delinquent real estate taxes ordinarily average between \$21,000 and \$22,000.

The city's share of county school tax was \$23,530.40, and checks for this amount will be issued to the four school districts by Mr. Bachman. The amount will be divided as follows: District No. 1, \$3,961.93; district No. 2, \$15,889.14; district No. 3, \$10,456.67; district No. 4, \$3,222.66.

The total income tax collected was \$145,661.86. Of this amount, 50 per cent belongs to the city, while the remainder is paid to the county, which in turn keeps 10 per cent and remits the rest, which is 40 per cent, to the state.

Although the surtax role was \$21,199.53, only \$20,855.64 was collected. Of the difference, \$333.13 represents canceled surtaxes and \$61.16 is delinquent returns.

The surtax role was made up as follows: soldiers' bonus, \$1,558.58; educational surtax, \$1,378.99; teachers' retirement, \$18,262.56. The respective amounts collected in each division were \$1,558.58, \$1,378.99, and \$17,914.57.

That the city will start action against those who have failed to pay their personal property tax by April 5, was the warning issued Saturday by Mr. Bachman. Notices are being mailed to delinquents that if they fail to have their personal property tax paid by the above mentioned date, the district attorney will be instructed to start proceedings against them. There are approximately 600 persons who have failed to pay their personal property tax, and the amount they owe the city totals \$2,561.73.

A similar procedure by the cities of Oshkosh and Fond du Lac resulted in a rush to the treasurer's office of both places during the last few days, and most of the delinquent returns were accounted for. Both these cities were prepared to carry out threats of confiscating automobiles and other personal property in accordance to the state law.

The county will collect delinquent real estate taxes. An additional charge of 1 per cent each month is added to the taxes until June, at which time the county will sell them.

SEEK \$500,000 FOR 2 SCHOOLS

Campaign Is Organized to Raise Half Million for Lutheran Colleges

Ashtand—(P)—The Lutheran colleges for years were rivals in athletics, forensics and theology will be the joint beneficiaries of the \$500,000 endowment fund being raised in a campaign principally in Wisconsin, Iowa, Minnesota, Illinois and Michigan.

The schools that will benefit are Luther college of Decorah, Ia. and St. Olaf's college of Northfield, Minn. For two generations the schools were rivals until in 1917 the amalgamation of the United Norwegian Lutheran church backing St. Olaf's and the Hauge synod, in the Norwegian Lutheran church of America.

St. Olaf's will receive \$300,000 and Luther college the balance of \$200,000. The fund is being sought to enable the schools to maintain the standards required by the North Central Association of Colleges and Secondary schools of which both colleges have been members for several years.

A half million dollars by Jan. 1, 1927 is the goal towards which the endowment committee will work with an appeal being made from May 16 to 24, under the supervision of Dr. O. H. Panofke, of New York.

TO APPOINT PATROLMEN WITHIN NEXT TWO WEEKS

Patrolmen for county and state highways in Outagamie-co will be appointed for 1926 within the next two weeks, it was reported at the office of the county highway commissioner. The men will start work immediately after they are appointed.

Winnebago-co employed 17 patrolmen this week at a salary of \$120 a month for motor grader patrolmen and \$155 a month for team patrolmen. State trunk highway 15 from Oshkosh to the Appleton city limits is part of the section assigned to Patrolman John Kuettel.

Firemen Used To Run To Fires

They used to live at home and when the alarm sounded they had to leave their warm beds, run to the place where the hose cart was kept and meet the Chief and the other Volunteer firemen. The Chief in most cases, was also a volunteer and owed his title to the fact, that he was prominent in the affairs of the city.

These firemen had no waterproof coats, boots or the like but they did have spiked steel hods that they wore with considerable pride. When a sufficient number of the volunteer firemen were assembled, the hose truck was manned, the chief blew his long horn and they were off for the fire.

When automobiles used to be as scarce as base hits are off of Dazzy Vance, owners were without a considerable number of things just as were the firemen of the olden days. Gasoline had to be purchased in cans from one of just a few stores. Not much was known about oil for motor cars and the owner had to do all of the draining and filling himself. Tires had to be pumped up (a back breaking pastime) and water was usually carried from the house in the tea kettle.

Today we have De Bauffer's Motor Co. Products, De Bauffer's Service and De Bauffer's Filling Station.

City Manager Form of Government.
Greater Representation for Appleton on County Board.
A systematic plan of Park and Playground extensions and improvements.

THE PRIMARY ELECTION
Tomorrow men and women of Appleton again will exercise their privilege and duty as citizens by going to the polls and casting their ballots in the primary election to nominate candidates for city offices. It is just as important that competent men be nominated as elected, therefore the election tomorrow is as important as the final in April.
The great American pastime for years has been criticism of men in governmental positions and it has been noted that many of those who are loudest in their criticisms are those who are most prone to shirk their duty of assisting in selection of men for office. No man who does not exercise his suffrage franchise has a right to criticize officers selected by other citizens. Therefore if you wish to exercise the prerogative of criticising be sure you perform your duty, and that is done by going to the polls and making your choice of candidates.

PREVENTING RAILROAD STRIKES
The railroads are not a unit on the Watson-Parker bill, which has passed the house, by a majority of 381 to 13 and probably will be approved by the senate. At a meeting held in New York to finally approve the bill, what is known as the Lorce group, led by the Delaware and Hudson, withdrew and organized a rump convention. They demanded the adoption of a resolution which would give the Interstate Commerce commission power to set aside a wage agreement between the railroads and their employees under the proposed law, if in the opinion of the commission it necessitated an advance in freight rates.
The Watson-Parker bill seeks to set up a substitute for the present railroad labor board, which has proved to be a failure. It proposes to do away with the futile attempt to fix wages by legal machinery, and to provide practical facilities for negotiating wage agreements by the railroads and their employees. It is in the nature of application of local self-government to industry. It vests with large mandatory powers arbitrators appointed by the carriers and unions under friendly arrangement. It does not in theory prevent a strike, but a strike can only come after extensive resources have been exhausted, covering a considerable period of time.

Organized labor will not give up the right to strike, and it is obvious that it cannot be denied this right even by legislation. We can conceive of no law which can compel men to work against their will, at least in a democracy like America. Yet all recognize that the great thing to be sought in the relations of employers and employees is the prevention of strikes. This is the principle which underlies the Watson-Parker bill. It preserves to labor unchallenged the weapon which has effectively used in advancing its interests in the past. It is significant that 75 per cent of the railroad mileage represented at New York favored the railway labor bill now before the senate. It is not easy to see the force of the objections to the bill raised by the minority roads, notwithstanding they are backed by the Manufacturers association and the National Grain and Farm federation. They apparently overlook the fact that the Interstate Commerce commission now, and will under the new law, have authority to refuse increases in freight rates, regardless of wage agreements that may be negotiated between the carriers and the

unions. To clothe the commission with authority to nullify such agreement would be to give it, it seems to us, unwarranted power over wages and freedom of contract. It is not to be presumed the railroads and their employees will enter into a conspiracy to advance wages at the expense of the consumer. We can cross that bridge if we ever come to it.
General Atterbury, president of the Pennsylvania railway, who helped to formulate the provisions of the Watson-Parker bill, says the law if enacted will herald a new era in the relations between railroad employees and employers, and will go down in history as the "Locarno" of the railway labor situation. The opinion of so distinguished a railroad authority is not to be taken lightly, particularly in view of the fact that the legislation has the approval of the railroad unions as well as the railroads themselves. A plan for preventing strikes about which there is so much optimism by those who have been parties to strikes in the past is worth trying out.

TIME TO QUIT COURT FIGHT
The irreconcilables have a new plan to prevent American participation in the world court. The forty-eight member states supporting the court naturally wish to have America's reservations to adherence explained. They have called a meeting for this purpose at Geneva next September.
In order to accept this invitation it will be necessary for the United States to send representatives and presumably for congress to pass an appropriation defraying their expenses. The scheme of the isolationists is to defeat in congress a resolution making this appropriation. If the appropriation is required, it will be necessary for the president to secure it before the present session adjourns, so that the fight over the court may be reopened shortly.
We do not think the opponents of the court will get away with an obstructive program, the only effect of which would be, if it were to succeed, to make us appear in the eyes of the world a wishy-washy nation without any notion of what we propose to do or are prepared to do in our foreign relations. There is such a thing as carrying the fight against the court too far. The people of the United States want to see this country cooperate in the experiment to settle international controversies by adjudication. It is a closed incident despite the heated remonstrances of the irreconcilables. Congress would be in line to make itself the laughing stock of the world by embarrassing the president in complying with the legitimate request of the world court signatories.

GOOD BOY, "WASH"
Washington J. James is just rounding out his forty-second year of "getting his man." Desperate characters have clubbed him over the head and pumped lead into his body, but "Wash" James is still there, the guardian of law and order and Nemesis of crooks.
At 75 "Wash" James is a little battered and worn from long service. He doesn't watch over a big city, but the fact that he is police chief at so small a place as Hingham, Mass., needn't make any difference. The all important fact is that "Wash" James is efficient, honest and brave. Congratulations, Officer James!

25 YEARS AGO
Monday, March 23, 1901
Each pastor in the city was asked to appoint a committee of two members of his church to make plans for the Sunday enforcement observance laws at the meeting held at the city council rooms Sunday afternoon of those interested in the problem. Dr. Lummis addressed the meeting after which the resolution was passed to the effect that an effort be made to have the laws governing the Sunday closing of saloons published in the local papers.
Dr. Robert Leith was named for mayor on the Republican ticket at the Republican city convention at the Builders and Traders exchange Saturday evening. Other city officers nominated were Theodore F. Stark, treasurer; A. H. Krugmeier, attorney and George Lampert, assessor.
Theta Phi fraternity, a new organization at Lawrence university, was to give its first house party on Saturday evening, April 6, at the new fraternity house on lower College-ave.
David Hammel was nominated to succeed himself as mayor on the Democratic ticket at the Democratic convention at the city hall Saturday evening. John Goodland, J. E. and T. H. Ryan were named for treasurer and attorney respectively.
A daughter was born to Mr. and Mrs. Herman Gabriel, March 22.
Sergeant Gustave Schwandt of Company G had been designated by Captain Froehling as first sergeant of the company, succeeding Sergeant George Merkel recently commissioned as second lieutenant.
Miss Florence Planitz entertained at a birthday party Saturday in honor of her eighth birthday anniversary. Miss Dorothy Farmer and Miss Edith Sacker won prizes.

TODAY'S POEM
By HAL COCHRAN
I heard an old-time song today, that runs in sweetest rhyme, 'Twas years ago we used to sing "The Good Old Summertime." And, too, an ancient member that of old, made dancers sway. Why, surely, you remember it, that tune! "Moonlight Bay."
How easy one can backward drift, and in the old days be. Your mind can take the journey swift in tunes like "Sweet Marie." Old "Alexander's Band" was played; the tune was changed, and then, the strains of "Annie Laurie" made me feel young again.
I closed my eyes, and drifted, "The Trail of the Lonesome Pine," and then a song we once all knew came forth, "Sweet Adeline." They all may ring tin-panny, yet they make us want to sing, for music and uncanny are the memories that they bring.
There's quite a thrill to listen to this music on the street. You don't know what you're missing, if you've missed this summer treat. It travels through the airway and to years ago twirl span. Give credit, in the fair way, to the Hurdy Gurdy man.
No cloud has a silver lining as long as you stay on the outside.
Kissing is dangerous. It is likely to make a girl's nose shiny.
Let a man talk about himself and he will think you are interesting.
Those not careful about what they get into find it is trouble.
Those who fail to look before they leap land in disgust.

Health Talks
BY WILLIAM BRADY, M. D.
Noted Physician and Author
Dr. Brady will answer all signed letters pertaining to health. Many of his names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

PHYSIOLOGY OF THE CHARLESTON
We have heard, writes a high school girl who shows unusual talent for illustrating apparently interests herself in other arts, that dancing the Charleston causes heart trouble, fallen arches and internal disorders. My opinion of it is quite the opposite. We would appreciate your advice on the matter.
It requires no very sensitive antenna to hear Mrs. Sumney as she warms up after a nip of her favorite female tonic, warning a girl's mother about the harm done by the Charleston, particularly the "internal disorders." There Mrs. Sumney is right home. She can give you the low down on the internal disorders about as well as the booming hired man's wife can in a testimonial to be used in the far country.
Dancing is exercise, muscular exertion. So is walking or running. The question whether one with heart trouble, fallen arches or any impairment of health for that matter, should dance the Charleston or any other step is an individual one for the physician to answer in each case. People do not seem to comprehend that rest is a form of medicine or a remedial agent or a method of treatment; that exercise is another; and that it calls for medical skill and judgment to apply these medicines or remedies wisely and to the best advantage of the patient. Thousands of half baked or well meaning invalids fritter away their chances for recovery by trifling with these remedies, for he is a physician, is scarcely a lot of calories.
The effect of from fifteen to thirty minutes of the waltz, the shimmy, the fox trot, the polka and mazurka were studied in the Helsingfors Physiology Institute recently. The Finnish scientists found that the waltz and the shimmy increased the metabolism four fold, and the polka and mazurka increased it almost 10 fold over the resting rate.
To grasp what that means, one must remember that metabolism is the combustion process which goes on constantly in life, the oxidation of food and tissue fuel to produce the heat and energy necessary for maintaining body temperature and the functioning of the muscles and organs. The resting rate—that is, the rate of this combustion when one remains in bed, is low, just enough fuel is burned to provide the energy for breathing, heart and artery action and the digestive functions, and this means a daily ration of something like 2,500 calories for a person weighing 150 pounds.
Now, we know that walking at the rate of two miles an hour increases this metabolism rate three fold, walking at the rate of four miles an hour increases metabolism five fold. Two miles an hour is an easy stroll; four miles in an hour is pretty fast walking—it is difficult for even a practiced walker to cover a mile in fifteen minutes in city streets, though it is not so difficult when no traffic hinders the hiker.
Doing the Charleston is equivalent to doing a 440 yard run or a set of tennis. I should say it is quite as strenuous as the polka or mazurka. The Finnish investigators found that even the comparatively gentle waltz and shimmy used up nearly twice as many calories as ordinary gymnastic exercises do, and the polka and mazurka used up more calories than running with 160 steps per minute does.
QUESTIONS AND ANSWERS
Immunity To Scarlet Fever
Can one be made immune to scarlet fever by inoculation? Our doctors disagree. Some say inoculation confers immunity, and another says an injection of rain water would have the same effect. (Mrs. R. G.)
Answer—Two new preparations are offered for the purpose of immunizing against scarlet fever. One is the Dick serum, the other the Bucher serum. Neither has been tested long enough or in a sufficient number of cases as yet to permit of a fair opinion. Some good physicians believe either serum confers immunity.

"SON"
I just can't get her off my mind—and does that make me mad? Why, say the thought of her I find by far the best I've had. There isn't any fault to pick, with manner or with ways. In fact I'm always very quick to step right forth with praise.
They say no perfect person can be found beneath the sun, but if they ever change their minds—well, frankly, she's the one. As far as I'm concerned, right now, all things are as should be. There's nothing more to wish for since she suits me to a tee.
Whenever worries head my way and overflow my cup, it always seems she hurries forth and tries to clear them up. I didn't have to grow so old till smart enough to learn that she, in every trouble, was the one to whom to turn.
There ain't no use in talkin' 'cause you hit the same ol' spot whenever you start discussin' 'bout the finest friend you've got. She's called me down, an' called me up for goods and bads I've run, but best of all—the greatest call—is when she calls me son.

The easiest way for a man to make a girl love him is to let her hear him talk in a firm but gentle way.
If there is any truth in that "seven years of bad luck" gag, the breaking of a mirror is far from a wise crack.
How come they call modern girls "dolls"? Didja ever hear one of them call "ma-ma" when squeezed?

NOW, HONESTLY—
'Twould be long till the famous wind-organ man will be filling the air with popular tunes.
So let's have a thought or two concerning him.
Who is he, anyway? Nobody knows. Nobody cares.
He simply drifts through the neighborhood, leading a monkey on a string, and turning an organ crank.
The kids are thrilled. The grown-ups stop in their work and listen for a while.
Music bath charms to soothe—and cheer—and pep up.
Give the organ man his share of the credit due.
When some people get into a dentist's chair they apparently think the dentist is gonna step inside.
OIL, MOST ANYBODY—Wonder what will keep me from constantly seeing black specks before my eyes.
ANYBODY ELSE—Dja ever try takin' off your smoked glasses?

PERSONAL MAIL—Dear Uncle Sam: Suppose it was just an oversight, but in connection with the internal revenue tax, there's been a slight mistake. Will ya please change the "U" in the first word to "T." Thanks!
ROLLO.

You Can Do a Day's Ironing in Half a Day

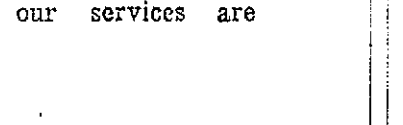

Mrs. G. Busse, 10805 Ewing Ave., Chicago, says: "My sister irons all day. I get through at noon; and my washings are larger than hers. She says, 'I don't see how you do it.' I tell her my Sunbeam Iron does it."

Yes, Sunbeam actually cuts short the ironing day because its All-Over Heating Unit holds the even heat that makes ironing quick and saves the arm-aching pressure—a hand-made heating-unit that over-heating does not harm.

The one iron in the Patented All-Steel, Fire-Proof Case that enables a woman to put away the hot iron without letting it lie around in the way or waiting for it to cool.

KAUKAUNA TEAMS TEN TEAMS PLAY BREAK EVEN IN HIGH SCHOOL DOUBLE-HEADER BASKET LEAGUE

Twenty-fives Lose to Appleton and Cubs Win from Little Chute
Coach Smith Watches Youngsters in Hope of Finding Talent for Next Year

Kaukauna—Two basketball teams broke even in a doubleheader played at the auditorium Saturday night. The Cubs defeated the Little Chute Radio 17 to 19 and the Twenty-fives club lost to the Kaukauna team of Appleton 21 to 12.

The twenty-fives played the first game of the event and were seriously handicapped due to the fact that only two of their regulars, Taylor and Kilgas, were playing with them. The rest of their first team were either sick or could not get down to the game while the Appleton team was loaded for the occasion. Although beaten badly the twenty-fives put up a good fight and made the Crescent city come right for every thing they got. Taylor and Kilgas both starred for Kaukauna, together getting all of their teams points. Their scores:

Twenty-fives	FT	FG	P.
Taylor, R. E.	0	0	0
Kilgas, R. E.	0	0	0
Jensen, J. E.	0	0	0
Wieder, C. E.	0	0	0
Luchi, R. E.	0	0	0
Miller, L. E.	0	0	0
Totals	0	0	0

The best game of the evening was the Cubs-Little Chute game and it was a whirling dervish from beginning to end. The one-side score does not do justice to the good game put up by the Cubs. They had in their lineup practically the same team that played with Little Chute High school all season. Little Chute played a clever floor game, but the boys were way off on their basket ability. The Cubs put up their usual scrappy games and showed a great deal of basketball sense. Mereness and St. Mitchell were the outstanding stars for the locals, getting 30 of the team's points and breaking through the Little Chute defense with ease. Miller and Lutz, forwards, also put up good games. Hull, the new basketball sensation from Antigo, was expected to put in an appearance in the Cubs lineup, but he failed to make connections to arrive in time for the game. He was all state forward three years ago and played with Antigo in a national tournament at Milwaukee. Score:

WINS POWER SUIT BUT INJUNCTION REMAINS
Clintonville—The city of Clintonville is winner in a power suit involving three electric utility concerns in a decision handed down in circuit court here by Judge Byron B. Park.

The action was brought by the Central Wisconsin Power Co. and the Wisconsin Power and Light Co., the former a subsidiary to prevent the Wisconsin Traction Light, Heat and

Power Co. from selling electric power to the city of Clintonville. The city was a party defendant.

In deciding for the defendant the judge held that the plaintiff had defaulted in its contract with the city and that its franchise with Clintonville was not an indeterminate one. The court indicated that the decision will be referred to the supreme court for review.

An injunction restraining the traction company from selling electricity to Clintonville is continued until final determination of the case has been made.

MANY SUBJECTS ADDED TO HIGH SCHOOL PROGRAM

Commercial Course, Physical Education, Chemistry Offered Students

Special to Post-Crescent
New London—High school students will enroll for next year during assembly period Tuesday. The enrollment is being taken earlier than usual this year in order that school officials may have a chance to check up on subjects of need by students, and in this manner obtain some kind of a standard to go by in making out next year's program.

A number of new courses are listed on the schedule of studies which was given students last week. They include a commercial course, physical education, extemporaneous speaking, chemistry, and a third and fourth year of Latin. The commercial course is perhaps the biggest improvement which will be installed. It will be taught in the form of stenography and typewriting for two years, and comes in the junior and senior year of high school. Chemistry is also a new asset to be added, and will be taught in the junior year. All of the subjects which have been offered previously will remain in effect for next year. A full year of high school bookkeeping, instead of half, may also be installed.

A new feature will be tried out in the school next year. All seniors who graduate this year and who expect to be in New London next year, will be able to return to school to take some of the subjects which they have missed, and which are being installed next year. This offer will not be open to under-graduates who quit school with the expectation of going back and taking whatever they wish, on a part time basis, next year. Several seniors have notified their intention of putting in part time on the new subjects next year.

CALL KIMBERLY FIREMEN TWICE

Fires Threaten Homes of John Williams and Peter Van Heeswyk

Special to Post-Crescent
Kimberly — Kimberly's fire department was called out twice Sunday to extinguish blazes in residences. The first fire occurred about 3 o'clock in the morning at the home of Mr. and Mrs. John Williams, Kimberly, and the second was discovered about 12:30 at the home of Mr. and Mrs. Peter Van Heeswyk, Darboy. The Williams fire, which was of unknown origin is thought to have started in the cellarway. Miss Viola Williams, a grandniece, was the first one to be aroused by the fire and gave the alarm about 3:15. The fire department responded immediately and worked for about two hours before the blaze was completely extinguished. The fire burned a large part of the roof and several rooms on the first and second floors were quite badly damaged. The loss is covered by insurance.
The fire at the Van Heeswyk home is thought to have started from an overheated furnace. Most of the damage was done to the basement.

Mrs. D. Kuntzman and son Roger, who have been confined to their home with illness, have recovered.
The Reverend Dr. Gales of the Methodist church held the home of the Ladies Aid of the Congregational church held their semi-monthly meeting and supper last Wednesday afternoon.

STAGE AND SCREEN

EXCEPTIONAL CAST FOR VALENTINO FILM

Rudolph Valentino is a strong believer in having himself surrounded by a capable cast, in contrast to the practice of some stars in choosing unknowns for supporting roles.

The cast of "The Eagle," a Clarence Brown production starring Valentino and showing at the Elite Theatre 3 days starting today, reads like a "Who's Who" of filmdom.

The leading woman is Vilma Banky, an Hungarian actress who was brought to America by Samuel Goldwyn and loaned for this production. She is a beautiful blonde whose pulchritude and charm have startled even blasé Hollywood. "The Dark Angel" is the only American picture in which she has appeared.

Louise Dresser is featured in the role of the amorous and middle-aged Czarina who tries to vamp the handsome Cossack lieutenant impersonated by Valentino. Miss Dresser, who was for many years a star in musical comedy and vaudeville, has recently scored a great triumph in pictures, particularly with her performance in "The Goose Woman".
James Marcus, a veteran of the

stage and screen who was the Judge in "The Lion Horse," plays the hero's father and nemesis to the hero.

George Nichols, another old timer who has been in pictures since the early days, and who has recently been in "The Goose Woman," "Winds of Chance" and "The Merry Widow," is seen as the corrupt judge.

Albert Conti, a picturesque soldier of fortune, formerly a Captain in the Austrian army and for fifteen months a prisoner in Russia, is cast as the Czarina's favorite.

Carrie Clark Ward, a stage star for many years, has a comedy role as the heroine's vindictive aunt. Other well known players include Gustav von Seffertitz, Mario Carillo, Mack Swann, Otto Hoffman, Eric Mayne and Jean de Briac.

"The Eagle" is Valentino's first production for United Artists. It is a Russian story by Hans Kraly based on "Dubrovsky" by Alexander Pushkin.

"SEA HORSES" IS SCREEN DRAMA OF VARIOUS THRILLS

"Sea Horses," the new Paramount picture, which opens today at Fischers Appleton Theatre proves to be all that has been claimed for it—a stirring and colorful melodrama with a choice assortment of spectacular features.

It is to the credit of Allan Dwan, the director and his capable assistant, Becky Gardner, adapter, and James Hamilton, screenwriter, that the photoplay retains much of the picturesqueness and flavor which made the original story by Francis Bret Young such a popular best seller.

The early scenes are laid on a big ocean freighter and Dwan has managed to recreate very vividly the raw, crude life of those who "go down to the sea in ships." A real sea fight and a wild storm "at sea" add to the general excitement. The rest of the action takes place in an isolated port on the East African coast, where the principal character comes into open and bitter conflict and where the plot reaches a crash

ing climax at the height of a terrific storm, accompanied by a blinding tropical rainstorm.

Acting honors are pretty evenly divided, for all of the players do excellent work. Florence Vidor as the lovely English girl who braves passage on the freighter in order to join her husband in Africa plays her part with a simplicity, sincerity and natural charm that makes her performance a memorable one. Jack Holt achieves further triumphs with his portrayal of the two-faced sea captain George Bancroft rises to dramatic heights with his characterization of the burly but amiable, who redeems himself in the end and William Powell gives a very convincing account of himself as the romantic husband who degenerates into a drunken beach-comber.

Also news a Mack Bennett Comedy and Charleston lesson number four.

"BEFORE MIDNIGHT"

A good mystery story is like cold water on a hot day. Everybody likes it. This is just as true of a good mystery picture which after all is the story in action rather than in words.

Speaking of action "Before Midnight" at the New Bijou Theatre today and Tuesday has a wealth of it. With William Russell in the starring role that might be expected, for this veteran of the screen has always favored the school of action in his art.

Crowding the action of the story into a single evening there are the meeting of a man and a woman in a maelstrom of social and underworld activity—their discovery that they care for one another—the theft of a priceless gem and the shadow of

CLERICAL JOBS HAVE BIG APPEAL TO H. S. PUPILS

Nearly 100 Pupils Indicate
They Will Seek Steno-
graphic Positions

Stenographic positions have the greatest appeal for students of Appleton high school, a survey of the school conducted by the Appleton Chamber of Commerce indicated. In answer to the question, "What Vocation do you Expect to Pursue?" 93 stated their preference for stenographic work.

Four questions were submitted to the students. The remaining questions were:

Do you expect to remain permanently in Appleton? If not, why not?

What can the chamber of commerce do to help you in preparation for your life work?

What, in your opinion, can the chamber of commerce do to make Appleton a better city in which to live and work?

The teaching profession holds a great attraction for high school students, it is noted in this vocation, as their choice. Forty-seven expect to study nursing, 10 wish to follow music and 10 business administration. Fifteen selected bookkeeping and 22 picked electrical engineering. Seventy-two were undecided.

ONLY ONE CARPENTER
Only one student intends to be a mason and only one named carpenter. Other choices and the number of each choice were:

Lubricator 2, manufacturer of carbonated beverages 1, telephone operator 2, salesman 1, bond salesman 1, dentist 2, doctor 1, agriculturist 2, artist 1, draftsman 2, lawyer 1, railway mail clerk 1, chemist 2.

Domestic keeper 1, radio expert 2, architect 6, aviator 7, mail flyer 2, job printer 1, plumber 4, contractor 1, accountant 3, public speaking 1, private secretary 1, boiler maker 1, forestry 4, banker 3, engineer 6, structural engineer 1, civil engineer 4, chemical engineer 3, mechanical engineer 7, automobile engineer 1, dairymaid and bookkeeping 2.

Pipe organ teacher 2, music teacher 2, public school music 2, kindergarten 1, coach 2, physical teacher 8, manual training 1, auto mechanic 8, tailor 1, social service worker 1, undertaker 1, journalism 2, hair dresser 1, beauty culture 1, road constructor 1, carpenter 1, commercial artist 4, boy's worker 1.

Advertiser 1, tea room manager 1, lumberman 1, trapper 1, dancer 2, machinist 1, dress designer 1, butcher 1, voice 1, store clerk 1, clothier 1, barber 1, realtor 1.

213 WILL LEAVE
Exactly 213 of those who answered the questions indicated their intention of leaving Appleton. Only 170 stated they would remain here, while 95 were undecided.

The chamber of commerce can do nothing to help the student in preparation for his life work, in the opinion of 46. Thirty-four suggested that the organization could send out literature to graduates, dealing with different vocations, thus giving students a broader scope. Pamphlets listing the leading colleges and their courses also were recommended.

Nine suggested the chamber of commerce could aid students by saving them information and advise help them to secure positions after graduation. Other answers to this question were:

Assist the scholar who is working his way through college by helping him to secure work.

Conduct a department where students could take their prospective work with business men.

Aid the city in establishing a training hospital where girls could take

STILL MAY GET ORDER BLANKS FOR EXPLOSIVES

Farmers of Outagamie co who desire to purchase left over explosives for blasting still can get order blanks in all banks of the county or at the office of R. A. Amundson, county agricultural agent, Mr. Amundson said. A carload of explosive will be shipped to Black Creek this spring. More than 60,000 pounds have been distributed in the county in the last two years.

STILL NEED HORSES TO GET OVER MAIL ROUTES

Roads to the north of the city still are snowbound to such an extent that rural mail carriers find it necessary to fall back on Old Dobbin for at least part of their trips. Frank Lettis, mail carrier on route 4 and Robert Rohm, carrier on route 5 report that while the main roads are now opened for auto traffic, some of the cross roads are in such condition that it is impossible to buck the drifts with cars. However, some of these side roads are scarcely ever used and for this reason there has been no attempt made to clear them of snow. Mr. Lettis route takes him north of Appleton through the town of Center and that territory immediately northwest of the city. Mr. Rohm's territory lies immediately northeast of town having as its principal highway the Apple Creek and Freedom road.

The other five rural carriers are using cars to cover their routes but report the "going" is pretty rough in some places and that many of the roads are veritable lakes and seas of mud.

AD PLAYGROUND

The chamber of commerce should promote a movement for the establishment of a better and larger municipal playground for children, according to the answers of 63 pupils. Forty-three thought that the city parks should be improved, 36 said the public library should be larger, 23 suggested better recreation facilities for girls and 24 declared that the city should establish a garbage disposal plan for the city and should endeavor to eliminate odors from the mills.

nurse's training, thus eliminating the necessity of leaving the city.

A Famous Man

The originator of Dr. Pierce's Golden Medical Discovery for the blood, as well as the "Favorite Prescription" for women, was Dr. Jay N. Pierce, a practicing physician in Western Pennsylvania. He early moved to Buffalo, N. Y., and established The Invalids' Hotel, then he put his home remedies in the World's Dispensary where they were carefully prepared from roots, herbs and barks, and placed them with druggists all over the United States.

Dr. Pierce's Discovery, for the blood, has been sold in larger quantities by druggists all over the United States than any other medicine. Dr. Pierce's Golden Medical Discovery is a tonic in its effect on the stomach and digestive apparatus, an alternative in its action on the blood, liver and skin. It increases the appetite, stimulates the digestion, enriches the blood, clears the skin of eruptions and blemishes, and makes both men and women feel as they did when they were young and care free.

Ask your nearest druggist for Doctor Pierce's family medicines, in tablets or liquid or send 10 cents for a trial package of any of Dr. Pierce's Medicines in tablet form, to Doctor Pierce's Clinic, in Buffalo, N. Y.

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

SAVIOUR ONLY LIFE STANDARD, MINISTER SAYS

Pastor of Trinity Church
Says Christ's Plan Is Only
One Worth While

Reason as the creed of life, or the double standard where man expects more of others than he is willing to do himself, both fall before Christ as the standard of life by the Rev. P. J. Schreckenberg, pastor of the Trinity Lutheran church, said in German at the Sunday morning services of the church on March 21, on Life's Standards.

"Many people think they have said the final word in religion when they say they take the Bible for their standard," Mr. Schreckenberg said. "The great fault with people is that they come to the Bible with preconceived notions of what they are going to accept or reject, and thus they inject something into their religious life for which they alone are responsible," the speaker said. "As long as men differ in opinions, we will have different standards of life by which men are actuated, but for our convenience we will place men in any one of three groups of standards of life."

The first standard of life is Reason in Mr. Schreckenberg's classification. "We know that men who call themselves intelligent men," he said, "will go to extreme lengths to justify their course of right living according to their reason. The whole movement of what in theology is called Modernism, is based on the same theory. In other words, the whole course which Christian men pursue is to be taken in the final court of appeals, which is their mind. I cannot understand how any intelligent man or woman, who has the full use of the senses, can take such an exalted position for himself or herself, when they know what flexible and pliant fabric the human mind is. Conventions are formed which we think staple and eternal, only to have them blasted and shipwrecked on the shores of a mistaken identity. I believe we are all agreed that man who cannot change his mind on a given proposition is neither cultured nor intelligent, but is ignorant in his own content. Even the history of philosophy is proof that succeeding generations of thinkers explode theories which were thought to be the final word in right thinking. A man who is honest with his God, honest with his fellowmen, and honest with himself, will never cling to reason as his standard of life."

"To realize and understand what is meant by the double standard of life does not require a great deal of elaboration. The double standard of life is prevalent. We have it in the clergy by men who say, 'Don't do as I do, but as I say.' Then we need not wonder why people are indifferent to spiritual values, for the Bible says, 'Like shepherd, like flock.' We find it in the profession of law—lawyers who should be the greatest exponents of law and justice, who defeat its purposes by defending crime for the revenue it brings. Merchants, who cry out for a square deal, pull the shady deals. Industrialists who feel different standards ought to apply to workmen in contrast to themselves. Degenerate mankind that cries in voices for pure womanhood when a life mate is to be chosen. God we poets of the man the same chastity as that of the woman when he leads his bride to the altar."

"The only standard of life is 'Christ,' the minister contended. 'The two foregoing standards of life are failures when viewed in the light of God's eternal beneficence. There is only one standard and that is Christ. Christ, the same yesterday, today and forever. Only His standard is sufficient for holy living. His is the only plan that will settle all industrial problems. Love your neighbor as yourself. You are your brother's keeper. And not until every soul writes its own imitation of Christ, and we follow one by one over those flinty blood stained tracks of Christ's to Calvary, and believe that he is our Saviour and Redeemer, and that He has done this for us, will we realize that His kingdom is coming on the earth.'"

WISCONSIN WEATHER.
Mostly cloudy tonight; Tuesday fair; not much change in temperature.

WEATHER CONDITIONS
High pressure over the Atlantic coast this morning, with fair weather. The same conditions prevail in the intermediate region. Low pressure is reported from the Canadian northwest, and a trough of low pressure extends over the entire north of the Mississippi valley with active centers over northeastern Minnesota and Arkansas. This "Low" is expected to cause some rain in this section this afternoon or tonight, followed by generally fair weather on Tuesday, as the pressure raises, following the "low." Temperatures are above the seasonal normal in practically all sections and continued moderate temperatures are probable here over Tuesday at least.

A supper was served to about 300 persons Sunday evening at the church and this was followed by union service. The Rev. Phillip Schneider of Fond du Lac, district superintendent of the Evangelical church was the principal speaker at this service. The Rev. Harry E. Krug is pastor of the church.

PLAN HOMES ON OLD GRID FIELD

Will Break Ground for Five
Houses as Soon as Frost
Is Out of Ground

Ground will be broken for five new houses to be built on the old Lawrence football field, facing Winnebago-st as soon as the frost is out of the ground, and 15 more houses probably will be constructed in the block within the next few years, according to H. G. Thomas of Carroll, Thomas and Carroll, real estate dealers, in charge of the sale of lots in this plat for I. Bahcall, who purchased the property from Lawrence college last fall after the completion of the new Whiting field.

E. P. Dornbrook of Menasha bought ten of the twenty lots from Mr. Bahcall, and has an option on the other ten. It was announced. The old field house will be used as a tool shed for the construction company, and the fences and grandstands will be completely removed within a few weeks.

This is the last vacant block in the First ward south of the Northwestern railroad tracks, Mr. Thomas said. Mr. Dornbrook plans to build the houses from 25 to 30 feet back from the sidewalk.

MONDAY Responsibility Repudiated

Read Jn. 15:22-27. Text: 15:22. But now they have no excuse.

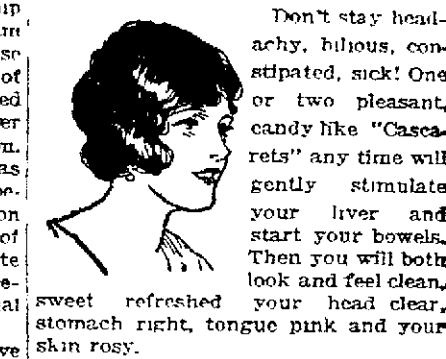

Meditation—Such words as never man spoke fell upon their ears. They saw the mighty works he did. They were content to receive and not to give again. He required that they who were born of Abraham should validate their sonship in Israel by living as Abraham lived, and they would not. Because his gospel demanded sacrifice of what they had received they hated both him and his Father. Greater is the obligation of our generation, more truth, power, privilege has been ours than in all the ages before. Greater our condemnation if as stewards of the oracles of God we are content to appropriate the riches of his grace and to refuse the obligation of our spiritual stewardship.

Prayer—O thou who didst first love us and didst give Thyself for us, forgive because we have been ready to receive and have rejected our obligation to give and to serve. Teach us that only he lives most who serves best. Purge us from

all subtle and corrupting selfishness, lest we refuse the cross. Amen (Copyright 1926, P. L. Pagley)

TWO WARDS GROW IN NEENAH WHERE 1 GREW BEFORE

Council Divides First Ward and Creates New Sixth Ward—Injunction Threatened

Neenah—A sixth ward was created here Saturday night when the common council adopted an ordinance to divide the first ward in two sections. The dividing line is on Washington, east to First, then south to the city limits and then east to Lake Winnebago. All property, south and west of this line is in the new Sixth ward. A request to divide the first ward in this manner was placed before the city council at a meeting four weeks ago. The ordinance was drawn and ordered published in accordance with the law. In the meantime another petition requested that the ward be divided straight through on Washington to make a straight dividing line instead of the L shape on the east end.

At the Saturday evening meeting another petition was presented, asking that the ward be divided north and south on either Elm or Oak-sts. The three petitions were referred to the committee on ordinances and printing and the original plan was accepted. On a call for a vote the original plan was carried, all voting with the exception of Ald. Schmidt who thought as long as there was opposition to the original plan and that the idea of dividing the ward had arisen so suddenly just before election, "the people should have a little time to talk the subject over before 'railroading' it through at this time.

Aldermen Heizer and Martens were absent. Nielsen, who will be a resident in the Sixth ward, was opposed to the manner of division as the original plan would shut the people in the Sixth ward off from any connection with the business part of the city entirely. "I warn you, members of the council," Mr. Nielsen stated in addressing the meeting, "that if you allow the ward to be divided in the way you propose, there will be an all-out war upon you the first of the week to stop this horse play idea."

William Blohm and Edward Wright, also residents of the new Sixth ward, opposed the plan of division. They were in favor of a straight dividing line east and west along Washington, or on Elm or Oak-sts. north and south. The new ward business disposed of the council took action on a request from the Kimberly-Clark company that the street in front of the Sadler, Glone and other mills of the company be paved this season. The council reported that the street which is owned by the paper mill company and the Mississippi Canal company, will be paved in the usual manner providing the petitioners agree to pay for the regular two-thirds of the costs. E. J. Stafford, superintendent of the Neenah Paper company mill, was elected a member of the water works commission to fill the unexpired term of E. D. Beals, resigned. Mr. Stafford was recommended by Mayor Sager.

The city will offer for sale to the highest bidder, the piece of land 90 by 60 feet located off of N. Commercial, upon which the former city tool house was located. On motion to sell the land, Aldermen Laurson and Jamison voted no, claiming that it was unwise to sell this property at this time when the city was looking for a place to establish an auto parking place.

\$500 REWARD

Can You Find the Twins?

On your toes, EVERYBODY. Here's the greatest puzzle of all—the biggest rewards and the most fun. Let out your "spies," sharpen up your pencil, and FIND THE TWINS.

There are 18 pictures of this lovely lady on this page. To be sure they all look alike, but examine them closer. Two, and only two of them are exact duplicates. Yes, siree. Only two are exactly the real twins. Can you find them? It isn't as easy as it looks. Examine them carefully and be sure to read the clues below.

THESE CLUES WILL HELP

At first glance all of the pictures look alike. But on closer examination you will see that almost everyone differs in some way from the others. In some the difference may be in the dark or light band on the band of the hat, or the trimming on the collar. Or some may wear necklaces, or ear-rings, or both. Only two are exactly alike. No, it's not as easy as it looks. You must search carefully.

Just look closely—make sure that you have the twins, then send in your answer. Somebody who finds the right twins is going to win \$500 in cash. Make that "somebody" be you.

Send No Money—Costs Nothing to Try

FIND THE TWINS—Send in your answer. It's all free. No list of words to write, no money to send in, nothing to sell. Prizes will be given for the 100 best answers. Accuracy, style and neatness will count. \$500, 1st prize; \$200, 2nd prize, etc. There are 100 prizes in all and in addition valuable Gift Certificates Will Also Be Given. Submit your answer as soon as possible. Get the family together and have them help you find the twins. And, most of all, send me in just as soon as you possibly can.

All answers should be mailed not later than March 31, 1926, and only one answer from a family permitted. In the event of a tie, prizes of equal value will be given each tying contestant.

EASTER MUSIC FESTIVAL TO BE HELD IN CHAPEL

200 Voices Will Sing Rossini's
Great Oratorio, "Stabat Mater"

Appleton's annual Easter community musical festival, conducted under auspices of the combined churches, includes only one presentation this year, according to arrangements announced by the general committee of which Seymour Gmeiner is chairman. Rossini's great oratorio, "Stabat Mater," will be sung by a chorus of 200 voices on the evening of Easter Sunday, April 4, at Lawrence Memorial Chapel. Carl J. Waterman, dean of Lawrence Conservatory of Music, again will direct the chorus.

Tickets will be sold this year as in the past to obtain enough money to defray expenses. These are in the hands of participating churches and may also be obtained from the Y. M. C. A. The chapel seats will be reserved but the prices have been kept at a figure such that everybody will have a chance to hear the program.

HOLD REHEARSALS

Rehearsals now are being held to place the finishing touches on the production. Singers in the chorus are members of the various church choirs and of the Schola Cantorum of Lawrence college.

Three Chicago soloists are coming here to sing leading roles in the oratorio. They are Isabel Richardson, Moller dramatic soprano, George S. Culbertson, tenor, and Barbara Watt contralto.

Carl McKee, instructor of voice in Lawrence Conservatory of Music, will be the bass soloist. The program will be made more attractive by selections by the conservatory orchestra which will be directed by Prof. Henry Fullinwider. Irma Sherman is the pianist for the orchestra. Organ accompaniments will be played by La-Yahn Maesch.

Churches within a radius of 50 miles have been invited to attend the festival.

WANT VACATIONISTS TO COME TO FOX VALLEY

Appleton Chamber of Commerce has been asked to join in a petition to railroad companies, operating the Fox river valley, requesting tourist rates on round trip fares, the special fares to become effective from June 1 to Sept. 30. Three other cities Fond du Lac, Neenah and Menasha, are included in the invitation.

This petition is a part of the campaign that has been launched to advertise the cities of the Fox river valley and was started by the traffic department of the Oshkosh Chamber of Commerce headed by G. C. Campbell. Railroads from Chicago to points in the Fox river valley will be petitioned. It is believed that if a special fare was offered that people living south of the valley would spend their vacations in this district.

Wisconsin Is Second In Kraut Production In U. S.

Wisconsin has achieved the position of second greatest producer of sauerkraut in the country, recent survey shows. Green Bay, Door Creek, Hortonville, Clintonville, and New London have several of the largest kraut factories in the state. There are 139 factories in Wisconsin, it was said.

Wisconsin produced more kraut in 1925 than any other state except New York which led the nation with a \$172,000 crop, produced on slightly more than 2,000 acres. This gave the eastern state a narrow margin over Wisconsin.

R. E. Vaughn, plant pathologist of the Wisconsin college of agriculture, is the authority for the value of sauerkraut juice as a tonic. So valuable has it proven, as a "morning cocktail" that a dozen bottles the size ordinarily used for soft drinks sell for \$2.50.

Wisconsin's bumper crop of kraut was in 1921 when the state produced 2,800 acres valued at \$250,000. There are many great kraut factories, Mr. Vaughn points out, and he calls attention to the work of L. R. Jones of the college of agriculture in helping develop strains of cabbage which would resist the yellow di-

scase on the cabbage sick soils of Wisconsin.

Extensive work has been undertaken by the Wisconsin experiment station in eliminating some of the troubles of the cabbage grower. The growers were warned against club root which was found spreading throughout the state. The greatest measure in the prevention and control of club root is obtaining seedlings that are free from infection.

Treatment of cabbage seed with corrosive sublimate and immersion in hot water are the chief measures being used in fighting back leg and black rot, Mr. Vaughn said.

The YELLOW-STUB

Adventure

COPYRIGHT 1926 BY NEA SERVICE, INC.

Mary Lowell

TWO girls loved Jim Rand. There was beautiful, black-haired Mary Lowell, who almost broke his heart. The gently reared, but intensely jealous Mary.

And then there was Olga Maynard. Life had not been gentle with this girl of the cabarets. It had bruised her and left her shaken and a little defiant.

And when the law, grimly following the trial of the murderer of Henry Rand, pointed its finger at Olga, there was only one who believed her. That, strangely, was Jim Rand, the murdered man's son. No wonder she came to love him.

In "THE YELLOW STUB," The Post-Crescent's great new serial, the author, Ernest Lynn, has created a thrilling mystery around the strange murder of Henry Rand. It is the sort of story that will find a warm spot in the hearts of all those who like mystery, thrills and red-blooded adventure—and that means nearly all of us.

But in addition, "THE YELLOW STUB" contains a love theme equally as thrilling—the love of two women for a man. It is a story that will hold you as few you have ever read before.

Adventures Of The Twins

McTangle

TWINKLE PEN IS CURED

The minute Blue Whiskers lost his beard, he cried out, "I'm done for! I can't stay in Fairyland now, I'll have to go and work for my living!"

Then he rushed out of the kitchen door and that was the end of him.

The cook picked up the Blue Cherry and was just about to swallow it, when Juke, the kangaroo, grabbed it out of his hand.

Paddyfoot, the monkey, took a nibble, and instantly there stood the real king of the Land of the Blue Cherry.

Then Juke took a snip and he turned at once from a blue kangaroo to a blue velvet coat, to a handsome prince in a blue velvet suit.

"Thank you children," said he, "My brother and I never would have become ourselves again if you hadn't come searching for the Blue Cherry. And I beg your pardon if I was ever rude to you or seduced you. A kangaroo can't be expected to have as fine manners as a prince."

"Oh, that's all right," answered Nick. "You are as kind as could be. The only thing you were cross about was the wig."

Juke laughed kindly, or I should say, the prince laughed kindly. "That is all over now," he said. "And now just as soon as I do one more thing you may take the Blue Cherry to the Fairy Queen."

So saying, Paddyfoot, excuse me, I mean, the king and Juke, I mean the prince, led the way to the court room and gave each little black pig and each big white pig a nibble of the Blue Cherry. Instantly they all turned into pigs and asses.

Next they went out to the courtyard and fed every crab and cockroach and insect a bit of Blue Cherry.

Instantly they turned in soldiers and guards. And a bit of the Blue Cherry dropped into the moat turned a black into water again.

Then they hunted up the alligators and they all turned into farmers. And still for all the bites taken off it, the Blue Cherry was as whole as ever.

The king and the prince went as far as the wicket gate with the Twins.

Nancy took the Blue Cherry and put it into her pocket, and then turned to say goodbye.

But wonder of wonders! There stood the Fairy Queen and Doctor Snuffles and the other fairy doctor called Pulse N. Pulse. And there was poor Twinkle Pen, still wandering round the room singing, "Forty-nine bluebottles hanging on the wall, Forty-nine bluebottles hanging on the wall." The furniture was covered with writing and the walls were covered with the ceilings and everything that could be written on was covered with words.

The magic shoes had gently but swiftly carried the Twins from the Land of the Blue Cherry back to the Fairy Queen's palace from which they had started, as quickly as you could say "Boo."

"Why hello, here, kiddies!" cried the Fairy Queen with delight. "You've only been gone ten minutes!" That was quick work. Did you get the Blue Cherry to cure Twinkle Pen?"

"Yes, here it is," said Nancy, handing it over. "But ten minutes! Why we even went to China! And we've had over so many adventures."

"That's right," said Nick. "I must have taken up ten minutes just to climb Cherry Bounce Hill alone!"

"Ten minutes by my watch!" said the Fairy Queen. "Come here, Twinkle Pen. Here's a nice cherry. Take a bite."

The poor fairyman who had drunk the blue ink, and had been acting queerly ever since, took quite a bite. Instantly he changed from blue to white and his hair changed back from orange to brown.

"I'm all cured now," he said gracefully. "Thank you, my dears. I'll have to buy a new life eraser now and rub out all the stuff I have written."

The Twins, too, had more work ahead.

K-C ATHLETICS TAKE DISTRICT CAGING HONORS

Cookmen Whip Citizens Bank Quintet In Finals, 21-16, To Nab '26 Title

Noonah K-C Shooters Win
Third Honors by Beating
Wausau "Y" Crew, 26-18

SATURDAY GAMES

Kimberly Athletics 22, Noonah K-C 13.
Citizens Bank 27, Wausau "Y" 26, (over time).
Noonah K-C 26, Wausau "Y" 18, (third).
Kimberly Athletics 21, Citizens Bank 16, (first).

Kimberly Athletic cage team, champions of the Northeastern Wisconsin Home Talent loop, added two more victims to its long string Saturday afternoon at Kimberly clubhouse and by doing so won the Northeast district basketball title and a chance at the state title in the state Y. M. C. A. tourney at Green Bay this weekend. Players on the winning squads received gold basketball watch charms and a silver trophy denoting the title. Players on the second-place Citizens Bank team received silver charms.

In the afternoon games, the semifinals, the Athletics beat their old rival the Noonah K-C, 22-13, to enter the finals, while the Citizens Bank crew, trailing at the three-quarter mark, rallied to tie the score at the end of the game and then beat the speedy Wausau "Y" crew in an overtime period, 27-26, to enter play for first place. At night the Noonah K-C took third honors by a second-half comeback after Wausau had a nice lead, winning 26-18. Citizens Bank surprised the Kimberly Athletics but were unable to beat the stronger team in the second evening game. The game ended 21-16 and the Athletics were the 1926 champs.

In the first afternoon game, the Athletics ran up a 8-2 score at the half and then took things easy to win. Both teams engaged in hard markers for Kimberly and Jones was Noonah's high scorer with two baskets. In the second early fray, the Wausau crew lead the Appleton Bankers 13-8 at the half but a fourth-quarter Bank rally tied the game at 26-26 and Herb Voecks, the Bank captain, tossed the deciding free throw in the overtime going. He spun his ankle as he made the toss and was out of the evening title game. Schwartz and H. Voecks starred for Appleton and L. Severson looked good for Wausau. The game was the best of the meet.

Wausau led 10-5 at the first quarter of the evening game and 14-13 at the half, but Noonah had just started to work well. The third quarter ended 23-13 for Noonah. Dehnke starred for Noonah and L. Severson and C. Severson played nice ball for Wausau. In the last game the Athletics maintained a lead over the Bankers all the way leading 7-0, 17-8 and 20-1 at the quarters. The Bankers popped up near the end and Kimberly who had substituted a few men was forced to send Capt. Cooke, star guard, back in the fray to hold a five point win, 21-16. The score was a surprise to the spectators who expected an easy win for the crack Athletics. Cooke and Williams starred for Kimberly with "Pete" playing an especially good floor and shooting game and Moore and McKenzie looking good for the second-place team.

BILL JACOBSON ROLLS 298 ON ELK ALLEYS

William "Bill" Jacobson, well-known Appleton ice man and star pinsetter, came within two pins of every good bowler's desire Sunday afternoon on the Elk alleys when he knocked over 298 pins in an informal game. Bill, rolling in great style, turned in 11 straight strikes but hit the maples too full on the final try and only garnered eight of the pins. The feat was more noteworthy because Bill was rolling on two alleys at the time.

Dave's Dots And Dashes

Stew Mills, old Appleton high cage star received a letter and sweater for his work on the Army basketball team this year. Stew will be perfectly familiar with the wearing of an "A" sweater as he earned about four while playing in the local high school, besides a few extras for scholastic work.

Harold Pindle, state billiard champ, is spending a lot of dough to give Appleton a real attraction in the billiard line when he brings Natalie, New York state billiard, here. His play should be worth traveling far to see and the local cuemen who have been complaining for years that they don't see the real stuff, ought to support the match and assure future cue entertainments of the higher class.

Kids of Appleton have a great opportunity at hand. Think of it six keen baseball prizes, a chance for every kid to cop one, and perhaps a trip to a big league ball game and a chance to see your hero in action and even shake his hand, just for 200 words on your favorite ball player, which should be an easy task if you really admire him.

We again have a card in regard to the Lawrence boxing matches a week ago but as it is merely signed "an attendant of the matches," it cannot be used. We shall be glad to use any contrib under any assumed name or statement such as the above, if it is accompanied by the writers name and address.

Here's a clipping from the Manitowish paper. According to "Danny" Danielson, who handled the Appleton District basketball tournament, the Appleton school has a great team even though the cream of its outfit was lost in eligibility early in the year. Danielson, center, is a classy roving center who can make them count from most anywhere on the floor and he is a clever floor man. Danielson predicts that the Collegians will go far in their state tourney venture.

Hurray! Our first contrib, and may there be many more. We especially desire to thank Frickley for his thoughtfulness, would even like to do it personally. Any other contribs will also receive a hearty vote of thanks.

Dear Dot I ash Dave—Coach Mac has been up against a lot of hard luck this year in one way or another. Let's hope the basketball team comes across. They got a good start in the tournament. Come on team! We're back of you!

Spring football would be a great asset to A. H. S. because it would develop better teamwork and better players for the fall season.

GOSSENS CAGERS WIN KIMBERLY LOOP TITLE

Kimberly-Gossens Gusselm and Howdy Real Estate dealers wallowed Hofkins snubbed Shicks in the final game of the Kimberly Hoops Basketball League, and incidentally won the boys pennant for 1926. Hofkins was the star for the Shicks, netting 6 of his team's 8 points, but he was unable to score enough to bring his team through for a win. Gossens was the main point getter for the salesmen, making 8 of his team's 11 points. Vanderveiden won undisputed possession of the sportsmanship banner, with a sporting average of .971, with about a three point lead over his closest rival.

BILLIARD STAR MEETS H. PINDLE HERE THURSDAY

P. Natalie, New York State
Champ, to Battle Badger
Title Holder

One of the features of the 1926-27 billiard season in Appleton is scheduled for Thursday afternoon and evening when P. Natalie, sensation of the 1924-25 American Pocket Billiard League, will come to this city for a 300-point match with Harold Pindle of Appleton, Wisconsin state pocket billiard champion. The match will be played in a neutral building which has not yet been selected and extra seats will be installed to take care of a large crowd. An admission price of 25 cents will be charged for the matinee battle and 50 cents for the evening fray to pay Natalie's expenses to this city and take care of the seating and advertising expenses. Tickets for the contest will be on sale at the Pindle and Heinke billiard hall on N. Appleton-st.

Natalie, representing Baltimore in the world's leading cue loop, won 66 games and lost 46 in 1924-25, finishing fifth among 15 of the world's greatest cue artists. He is the only player ever to beat Ralph Greenleaf three out of four games. He accomplished the feat in Philadelphia on Feb. 29-March 1, 1924. He has an open challenge to any pocket billiard player in the world.

Natalie had a high run of 157 on a 4 by 9 table and 110-112 on a 5 by 10 table and is the undefeated professional champion of New York state. He also is known as the world's premier fancy and trick shot player.

He played a match with Taberski, world's champ, who won his title in the play in which Natalie finished fifth, in Chicago on March 10, 11 and 12, 1926, and lost 360-260 after a hard struggle.

STEW MILLS WINS LETTER AT POINT

Appleton Boy One of Six
Cagemen to Win Major
'A' for 1925-26 Season

John S. "Stew" Mills, son of Dr. and Mrs. N. P. Mills, 127 E. Lawrence-st., was one of six cadets of the United States Military Academy at West Point, who received the major sports "A" for service on the academy basketball team this year. It was announced by the intelligence and publicity office of the institution last Friday. The Army Athletic council with the approval of the superintendent of the academy, awarded more than 35 minor "A's" and monograms, but the first six cagers were the only ones to earn the major awards. Swimmers, also, were awarded for the first time to 14 cadet athletes and Mills was included in this group.

Stew was a star all-around athlete at Appleton high, playing basketball on teams with Zussman, Briese, Ashman and Heidemann of Denney's Blue cagers. He played frosh football and basketball at Lawrence and with Briese, Ashman and Heidemann, graduated in the first squad at the end of the first semester. He left for West Point before his second year started with a blue varsity berth in sight. Injuries kept him off the Army quint last year after he played well in preliminary games and during the summer he coached the fourth classmen. This year his shooting eye and floor work made him one of the most valuable men on the Army five.

5TH WARD WALLPOPS 4TH IN LEGION LOOP

Fifth ward bowling team of the American Legion League whipped the Fourth ward squad three straight games in a loop match rolled Thursday evening on the Eagle alleys, taking the match by 128 pins. Smith of the winners marked up high game of the battle a 212 and Stingle of the losers had high series a 555. Smith has high series for his crew, a 553, and Stingle had high game for his team, a 201. No other 200 scores were chalked up. The losers were forced to use three blinds as compared to one for the winners.

LOUISVILLE SCHOOL WINS CATHOLIC MEET

Chicago —(P)— National Catholic interscholastic basketball honors have gone to St. Xavier's of Louisville, Ky. The Kentucky team won the championship Sunday night by defeating Aquinas of Rochester, N. Y., 18 to 16 in the final game of the tournament, in which 32 teams were entered. Cathedral High of Wichita, Kas., defeated the Aquinas in the afternoon penultimate round and placed the third in the tourney by beating Catholic High of Decatur, Ind., 33 to 14 in the consolation finals.

WHO'S YOUR BIG LEAGUE HERO?

Is he good old Max Carey of the Pirates? Or maybe you prefer Kiki Cuyler of the same team. And there's Dazzy Vance, the lodger pitcher, Rogers Hornsby, there's a sweet ball player for you! Yes, and how about Frankie Frisch, the Fordham Flash, and Eddie Roush, the Reds' speedy fly chaser? You can think of many more. There wasn't room for all of them in this picture. And remember, your particular hero may be in the American League, anyway. Just pickout your favorite, fellows, and write to the Post-Crescent about him.

LEAGUE PLAYERS GOLF AND FISH IN SPEED RACES

Managers Believe in Old Adage, "All Work, No Play Makes Jack a Dull Boy"

Chicago —(P)—The old adage that all work and no play makes Jack a dull boy applies to baseball as well as any other line of endeavor. At any rate the boys in the spring training camps are getting a little taste of fishing, golf, and other pastimes as well as intensive drill on the diamond. The Boston Braves took a Sunday off at St. Petersburg, Fla., fishing and swatting the golf ball instead of horse hide. Out on the west coast Pilot McKeehan of the Pittsburgh Pirates, thought up another interesting scheme of entertainment. He planned to take his men to the ranch of a friend near Paso Robles, Calif., where a jack rabbit hunt and a barbecue were scheduled. The Pirates started the day with the memory of a double defeat at the hands of the Mission Bears at San Francisco, Sunday, still in mind.

The Chicago Cubs, another team training on the west coast will be pleasure seeking Monday, but Thursday they are scheduled to battle a San Francisco team. The Cubs have a scheduled six game series with teams in the golden gate vicinity. Two other teams idled Sunday, the St. Louis Browns at Tampa Springs, Fla., and the Cincinnati Reds at St. Petersburg. It was the Reds' last holiday until they reach home April 8.

The Boston Red Sox took the measure of the Pelicans at New Orleans Sunday, 3 to 0, mainly as a result of Lundgren's speed pitching.

WANT 1,000 KEGLERS IN COUNTY PIN MEET

Nearly 1,000 Outagamie co bowlers are expected to take the drives on the Elk alleys between March 27 to April 24 in the biggest five-man, doubles and singles tourney ever staged on the local alleys. Plans now are being made. Several prizes will be awarded.

WHITE, STAR PURPLE CAGER, 1926 CAPTAIN

Harold White, of Boise, Idaho, forward on the Northwestern basketball five, for the past two years, has been elected captain of the team for next year. White was one of the most dependable men on the squad this season. He plays a hard game and is expected to make a capable leader for the Purple. White is a three sport man, having won letters in football, baseball and basketball each year.

JUNIOR CAGE TITLE AT STAKE THURSDAY

STANDINGS	W.	L.	Pct.
Roosevelt	3	1	.750
Wilson	3	1	.750
McKinley	0	4	.000

Armory G will be the scene of a crucial cage battle Thursday afternoon when Wilson and Roosevelt high shooters clash on a neutral floor for the city Junior high title for 1926. Each team has taken a game from the other and both have whipped McKinley high twice. Roosevelt won on the Wilson floor, 10-8, in an overtime battle and the West sides won on the Roosevelt floor, 5-4. This should make the crucial battle, scheduled for 4:30, a real title fight. Both teams will employ the lineups which have put up such great battles so far.

BADGERS ENTER PENN CONTESTS

U. W. Tracksters in Big Carnival; St. John M. A. Entered in Prep Division

Philadelphia—With an entry list of close to 350 elementary, high and prep schools, and colleges, and an individual entry list that includes over 1500 names, the thirty-second annual University of Pennsylvania relay carnival promises to be larger than its predecessors.

Entries are pouring in from all sections of the country in the college and high school divisions. A recent entry from St. John's Military Academy of Delafield, Wla., makes that institution the most distant in the prep school divisions.

One of the surprises of the early entries are teams from the Middle West and beyond. University of Chicago, City College of Detroit, DePaul University, of Greenacres, Indiana, Earlham College, of Richmond, Indiana, Michigan State, Ohio Wesleyan, Wisconsin and Iowa, are among the distant entries.

Classy Mits, Balls, Bats For Boys Who Write Story About Favorite Ball Hero

Local Winners Get Chance to
See Opening Game and
Their Diamond Star Free

Boys! Have you started to win the many prizes offered by the Post-Crescent and the NEA just for the easy task of telling all about your favorite ball player and why you like him? When you like a player, you always can find plenty of reasons and it's not hard to set them down on paper, so start now and play ball this summer with a real mit, ball or bat.

The Favorite Player Contest is open to any Appleton boy 16 or under who will fill out the blank on the sport page and send it in with a 200 word story on why he likes his favorite player, either American or National League. The best stories of an American League and a National League hero, judged by three real sportsmen, will give the writers each a fine Eddie Roush fielders mit; the two second best stories will earn Babe Ruth autographed bats and the two third best stories will gain Goldsmith regulation 18-inning baseballs for the writers. Six real diamond prizes for as many Appleton boys, all given by the Post-Crescent! With six prizes to work for chances to win one are many.

Beside this the winner of the first prize in each league will have his story sent to Cleveland for entry in the National contest with a chance for a big prize. The winner here will receive a free trip to an opening game in the big leagues, a chance to "shake" with his favorite hero, and also to present him with a silver cup, designating his popularity. Let's go Young Appleton, start now and surprise your friends in a couple of weeks, with a bat, ball or mit.

One of the surprises of the early entries are teams from the Middle West and beyond. University of Chicago, City College of Detroit, DePaul University, of Greenacres, Indiana, Earlham College, of Richmond, Indiana, Michigan State, Ohio Wesleyan, Wisconsin and Iowa, are among the distant entries.

Entries are pouring in from all sections of the country in the college and high school divisions. A recent entry from St. John's Military Academy of Delafield, Wla., makes that institution the most distant in the prep school divisions.

Counting Today's Opportunities Is Counting Tomorrow's Profits

People who are known as classified "fans" and who eagerly scan the A-B-C Classified Columns each day, do so because they know that today's opportunities are tomorrow's profits. The opportunities they are looking for are here from day to day—waiting for those people to come along and make their selections. There isn't any doubt about the opportunities being here. You don't have to take our word for it. You can easily prove it for yourself by reading these columns. And just as soon as you start reading, you will surely notice the "A-B-C" and "1-2-3" arrangement of all these offers—which makes reading and selecting an easy pastime instead of a difficult task.

And the next thing for you to do is to answer the offers which will further your interests.

That's really the way to turn today's opportunities into tomorrow's profits.

EMPLOYERS AND SCHOOLS MUST GET TOGETHER

Need for Close Cooperation
Pointed Out at Convention
of Trade School Teachers

The need for a clear understanding between the vocational school and industry of the aims, ideals, and purposes of each organization, was the keynote of the annual convention of the Vocational Education Association of the Middle West, held in Des Moines, Ia., from March 17 to 20, according to H. G. Noyes, instructor at the Appleton vocational school, who attended the meeting.

This closer cooperation between industry and the school is necessary because there is a group of boys and girls in America who because of birth, environment, and physical handicaps cannot have the same privileges as other boys and girls, and for reasons not controlled by them, they are forced to leave the public schools, and do not have the same advantages when they are adults as others have, the speakers emphasized. This is the group that vocational education is trying to help, they said. These boys and girls enter industry where they are required to know and do specific things in order to secure all that they can from their vocation, and the background for this knowledge must come from the school, it was said.

The Vocational Education Association of the Middle West and the National Vocational Association decided at the convention to merge into a new society called the American Vocational Association. Edwin A. Lee of California, was elected president of the new organization. About 20 states were represented at the conference in Des Moines.

Among the speakers at the convention were Rodney Brandon, director of Boys Training school at Mooseheart, Ill. and R. L. Conroy, director of the vocational school in Milwaukee.

PAYS \$5 FINE FOR FIGHTING IN RESTAURANT

Orville Rhodes, 1000 W. Spring-st., paid a fine of \$5 and costs amounting to \$8.20 Monday morning in municipal court when he pleaded guilty to assaulting Irving Williamson, 1220 N. Drew-st. Rhodes was arrested at 5:20 Sunday night by Detective John Duval and Officer Joseph Rankin at the Congress Restaurant, W. College-ave., on the complaint of Williamson who alleged that Rhodes had struck him and knocked him against a showcase in the cafe.

TEACHERS DISCUSS NEW STUDY PLANS

Teachers of the third and fourth grades in the Appleton grammar schools will discuss the Dalton laboratory plan of education at the regular monthly meeting of the group at 4 o'clock Tuesday afternoon with Ben J. Rohan, superintendent of schools. The plan provides that each child

complete a certain number of so-called "contracts," or assignments, with a definite period of time. It makes possible greater individualization, according to ability and aptitude in the child, for advance work may be done when the contracts have been filled, Mr. Rohan said. The third and fourth grade group has completed the study of books on corrective arithmetic, which made a scientific study of the sections in arithmetic which gave the greatest

difficulty and needed the most drill. The teachers compared these results with the work in the Appleton schools.

DEL MARCELLE ABLE TO MOVE ON CRUTCHES

Dr. C. C. DelMarcelle, prominent Neenah physician, who suffered a broken back in an automobile accident near Oshkosh last summer which resulted in paralysis of both his legs has recovered to such an extent that he has partially regained the use of one leg and is able to stand up. He is having a car built with a special foot pedal arrangement so that all pedals may be operated with one foot. He is

also having a special pair of crutches manufactured with which he will be able to get from place to place. For weeks after the accident occurred Dr. DelMarcelle's life was despaired of and his continued improvement until he is now able to walk and drive a car is

considered quite remarkable by medical men.

By a high vacuum process, invented by a Swedish engineer, fresh cut lumber is now "seasoned" in a day or less, sufficiently for the carpenter's bench.
